

Delaware Speech and Hearing Center

COMMUNICATION FOR A LIFETIME

EMPLOYMENT POSTING

Occupational Therapist

The Delaware Speech and Hearing Center is seeking Occupational Therapists to join our Therapy Team!

The OT will work in our outpatient clinics or local child care centers providing evaluations, individual and group therapy to the pediatric population. The OT must strive to contribute significantly to the well-being and success of children and adolescents. The OT should be comfortable with providing education about child development to patients, families, and other health care providers in an individual or group setting. The successful candidate will develop and revise treatment plans including long and short-term goals and deliver therapy methods to help patients achieve progress.

Applicants must have a Bachelor's degree in Occupational Therapy, Master degree preferred. Current state licensure or eligibility for state licensure to work in Ohio as an Occupational Therapist is required.

We are looking for Occupational Therapists who are willing to work full-time or part-time. All benefits are available as full-time status for the therapist who works more than 25 hours.

Interested parties should send their resume and salary requirements in application to contact@delawareshc.org.
